

# PlateSpin Protect 11.3 Release Notes

April 2018

PlateSpin Protect 11.3 includes new enhancements and resolves several previous issues.

The documentation for this product is available in HTML and PDF formats at the [PlateSpin Protect 11.3 Documentation website \(http://www.netiq.com/documentation/platespin-protect-11-3\)](http://www.netiq.com/documentation/platespin-protect-11-3).

For information about how to purchase and download this product, see the [PlateSpin Protect](#) product website.

## 1 What's New

PlateSpin Protect 11.3 includes new enhancements.

Many of these improvements were made in direct response to suggestions from our customers. We thank you for your time and valuable input. We hope you continue to help us ensure our products meet all your needs. You can post feedback in the [PlateSpin Protect discussion on Micro Focus Forums \(https://forums.novell.com/forumdisplay.php/1338-PlateSpin-Protect\)](https://forums.novell.com/forumdisplay.php/1338-PlateSpin-Protect), our community website that also includes product notifications, blogs, and product user groups.

- ♦ [Section 1.1, "Supported Configurations," on page 1](#)
- ♦ [Section 1.2, "Security," on page 2](#)

### 1.1 Supported Configurations

- ♦ [Source Workloads](#)
- ♦ [Target Platforms](#)

#### 1.1.1 Source Workloads

PlateSpin Protect 11.3 adds the following enhancement for supported source workloads:

- ♦ **Virtio Devices**
  - ♦ Storage and network drivers for virtio devices
  - ♦ Signed drivers for Red Hat Enterprise Linux virtio devices
  - ♦ Drivers for RHEL KVM virtio devices

#### 1.1.2 Target Platforms

PlateSpin Protect 11.3 adds support for the following VMware containers:

Target Virtual Host	Version	Remarks
VMware vCenter	6.5 (U1)	Supports VMware vSAN 6.6 on vCenter 6.5.

Target Virtual Host	Version	Remarks
VMware ESXi	6.5	

## 1.2 Security

The PlateSpin Protect 11.3 upgrade process supports your custom sa password for the PlateSpin Database.

After you install PlateSpin Protect 11.3, we recommend that you set a custom secure password for the PlateSpin Database. See [“Modifying the Password for the SQL Server Express System Administrator User”](#) in the *Installation and Upgrade Guide*.

Micro Focus is aware of the side-channel analysis vulnerabilities described in CVEs 2017-5715, 2017-5753 and 2017-5754, known as Meltdown and Spectre. We strongly recommend that you apply security updates that address such threats as recommended by Microsoft for the Windows Server you use as the PlateSpin Server host. See [Protect Your Windows Devices Against Spectre and Meltdown](https://support.microsoft.com/en-us/help/4073757/protect-your-windows-devices-against-spectre-meltdown) (<https://support.microsoft.com/en-us/help/4073757/protect-your-windows-devices-against-spectre-meltdown>) on the Microsoft Support website.

## 2 Known Issues

Micro Focus strives to ensure that our products provide quality solutions for your enterprise software needs. The following issue is being researched for PlateSpin Protect 11.3.

If you need assistance with any issue, visit [Micro Focus Support](#), then select the appropriate product category.

### 2.1 Blkwatch Drivers for RHEL 6.8 Workloads with LVM Volumes Fail at Incremental Replication

**ISSUE:** Precompiled blkwatch drivers for kernel version 2.6.32-642 on RHEL 6 U8 fail at incremental replication for workloads with LVM volumes. (Bug 1078055)

**Workaround:** For Red Hat Enterprise Linux 6.8, Oracle Linux 6.8, and CentOS 6.8 workloads with LVM volumes, incremental replication is supported only for the latest available kernel (version 2.6.32-696.20.1) for the 6.8 distribution. Update the kernel, then use the following blkwatch drivers:

#### Red Hat Enterprise Linux 6 U8

```
RHEL6-RHSA20180169-2.6.32-696.20.1.el6.i686-x86
```

```
RHEL6-RHSA20180169-2.6.32-696.20.1.el6.x86_64-x86_64
```

## 3 Resolved Issues

PlateSpin Protect 11.3 resolves the following software defect for Protect 11.2.1 that was reported by customers and partners. See [PlateSpin Protect 11.3 Resolved Issues](#).

## 4 Installing or Upgrading PlateSpin Protect

Refer to the following information to plan your installation or upgrade of PlateSpin Protect 11.3.

- ♦ [System Requirements](#)
- ♦ [Installation](#)
- ♦ [Upgrade](#)

### 4.1 System Requirements

For information about requirements for a new installation of PlateSpin Protect 11.3, see “[Preparing to Install PlateSpin Protect](#)” in the *PlateSpin Protect Installation and Upgrade Guide*. See also “[Installation](#)”.

For upgrade, PlateSpin Protect 11.3 can be applied to a base installation of PlateSpin Protect 11.2.1, with or without hotfixes or patches applied. See also “[Upgrade](#)”.

### 4.2 Installation

For information about installing PlateSpin Protect 11.3, see “[Installing PlateSpin Protect](#)” in the *PlateSpin Protect Installation and Upgrade Guide*.

### 4.3 Upgrade

To upgrade your PlateSpin Server to PlateSpin Protect 11.3, you must have an existing installation of PlateSpin Protect 11.2.1 on your PlateSpin Server host, with or without hotfixes or patches applied. Other direct updates are not supported. For earlier versions of PlateSpin Protect, you must first upgrade to version 11.2.1 before you can upgrade to PlateSpin Protect 11.3.

For information about how to upgrade your PlateSpin Server to version 11.3, see “[Upgrading PlateSpin Protect](#)” in the *PlateSpin Protect Installation and Upgrade Guide*.

## 5 Licensing Information

For information about activating your PlateSpin Protect license, see “[Activating Your Product License](#)” in the *PlateSpin Protect User Guide*.

## 6 Previous Releases

For Release Notes documents that accompanied previous PlateSpin Protect releases, visit the [PlateSpin Protect 11.3 Documentation website](#), and go to *Previous Releases* at the bottom of the Table of Contents.

## 7 Contacting Micro Focus

Our goal is to provide documentation that meets your needs. If you have suggestions for documentation improvements, click [comment on this topic](#) at the bottom of any HTML page in the English version of the documentation. You can also email [Documentation-Feedback@microfocus.com](mailto:Documentation-Feedback@microfocus.com).

For specific product issues, contact Micro Focus Support at <https://www.microfocus.com/support-and-services/>.

Additional technical information or advice is available from several sources:

- ♦ Product documentation, Knowledge Base articles, and videos: <https://www.microfocus.com/support-and-services/>
- ♦ The Micro Focus Community pages: <https://www.microfocus.com/communities/>
