What's Resolved?

This release contains software fixes for the following issues:

Component	Issue ID	Description
NMAS	OCTCR56A697181	After upgrading OpenText eDirectory from version 9.2.x to version 24.4 (v9.3), the system fails to process the NMAS password policy with the correct expiration date. To remove the incorrect password expiration time, see TID - How to remove password expiration time set to FFFFFFFF after installing eDir 9.3.0 (https://portal.microfocus.com/s/article/KM000039542?language=en_US)
Install - Upgrade	OCTCR56A696242	The upgrade to OpenText eDirectory 24.4 (v1.9) fails if the novell-nmas-server-dev rpm is available.

System Requirements

For information about prerequisites, hardware requirements, and supported operating systems, see the *OpenText™ eDirectory CE 24.4 (v9.3) Installation Guide* (https://www.netiq.com/documentation/edirectory-93/edir_install/data/bookinfo.html).

Installing and Upgrading

To upgrade to OpenText eDirectory 24.4.1 (v9.3.0.0100), you need to be on version 9.2 or later. If you have Enhanced Background Authentication (EBA) enabled in versions 9.2.8 or 9.2.9, you can upgrade to version 24.4.1 (v9.3.0.0100). For more information on upgrading eDirectory, see the Migrating OpenText eDirectory to 24.4 (v9.3) (https://www.netiq.com/documentation/edirectory-93/edirectory-93-release-notes/data/edirectory-93-release-notes.html) *in OpenText™ eDirectory CE 24.4 (v9.3) Installation Guide (https://www.netiq.com/documentation/edirectory-93/edir_install/data/bookinfo.html)*.

NOTE: ◆If you upgraded OpenText eDirectory 24.4 (v9.3) with the EBA bridge patch and are now upgrading to OpenText eDirectory 24.4.1 (v9.3.0.0100), you do not need to reapply the bridge patch. However, you must install the bridge patch on all eDirectory servers running versions 9.2.8 and 9.2.9 if EBA is enabled

- You must upgrade OpenText Identity Manager before using this version of OpenText eDirectory. For more information on the version compatibility see, OpenText Identity Manager Component Versions (https://www.netiq.com/documentation/identity-manager-4.10/system-requirements-identity-manager-4.1x/data/system-requirements-identity-manager-4.1x.html#identity_manager_components_versions) table in the System Requirements for OpenText™ Identity Manager CE 24.4 (v4.10) (https://www.netiq.com/documentation/identity-manager-4.10/system-requirements-identity-manager-4.1x/data/system-requirements-identity-manager-4.1x.html#).
