

# Client Login Extension 4.5 Hotfix 1 Release Notes

November 2020

Client Login Extension 4.5 Hotfix 1 (4.5.0.1) improves usability and functionality.

These improvements were made in direct response to suggestions from our customers. We thank you for your time and valuable input. We hope you continue to help us ensure that our products meet all your needs.

If you have suggestions for documentation improvements, click **comment on this topic** at the bottom of any page in the HTML version of the documentation posted at the [Client Login Extension Documentation](#) page.

## What’s New?

This release includes the following enhancement:

### **Support to Enable or Disable the Profile Completion Warning Message and Users’ Password Expiration Warning Message**

When you enable Self Service Password Reset while installing Client Login Extension but have not enabled force enrollment, users are still prompted to complete the profile configuration. However, it is not mandatory to complete the configuration. Also, users’ password expiration message is displayed during every login or unlock attempt.

With this release, if force enrollment is disabled, Client Login Extension does not prompt users to complete the profile configuration and the password expiration message is not displayed.

To enable these warning messages, perform the following steps:

- 1 On the Windows Search box, type `regedit` and click **Registry Editor**.
- 2 Navigate to `HKEY_LOCAL_MACHINE\SOFTWARE\Novell\RestrictedBrowser`.

- 3 Create a new DWORD value and name the DWORD value as ProfileUpdateWarning.
- 4 Right-click ProfileUpdateWarning and select **Modify**. In **Value data**, specify 00000001.
- 5 Create a new DWORD value and name the DWORD value as PasswordToExpireWarning.
- 6 Right-click PasswordToExpireWarning and select **Modify**. In **Value data**, specify 00000001.

## System Requirements

For information about the system requirements, refer [System Requirements](#) in the “*Client Login Extension Administration Guide*”.

## Installing Client Login Extension

For information about how to install Client Login Extension, refer [Installing the Client Login Extension](#) section in the [Client Login Extension Administration Guide](#).

## Known Issues

Client Login Extension 4.5.0.1 has no known issues.

## Contact Information

Our goal is to provide documentation that meets your needs. If you have suggestions for improvements, please email [Documentation-Feedback@netiq.com](mailto:Documentation-Feedback@netiq.com) (<mailto:Documentation-Feedback@netiq.com>). We value your input and look forward to hearing from you.

For detailed contact information, see the [Support Contact Information website](http://www.netiq.com/support/process.asp#phone) (<http://www.netiq.com/support/process.asp#phone>).
