

Client Login Extension 4.6 Release Notes

June 2023

Client Login Extension 4.6 improves usability and functionality.

These improvements were made in direct response to suggestions from our customers. We thank you for your time and valuable input. We hope you continue to help us ensure that our products meet all your needs.

If you have suggestions for documentation improvements, click [comment on this topic](#) at the bottom of any page in the HTML version of the documentation posted at the [Client Login Extension Documentation](#) page.

What’s New?

The following sections outline the key enhancements in this release.

Support for Chromium Embedded Framework

Client Login Extension (CLE) Restricted Browser is now upgraded from the unsupported Internet Explorer to the Chromium Embedded Framework.

Support for Windows 11 22H2

Client Login Extension now supports Windows 11 22H2.

Support for Advanced Authentication Change Password Using Self Service Password Reset

CLE is now integrated with Advanced Authentication Windows Client for CTRL+ALT+DEL change password using Self Service Password Reset.

Addition of Password Policy Link

A new link is introduced on the Advanced Authentication Windows Client CTRL+ALT+DEL change password screen with Client Login Extension integration. This link enables users to view the SSPR Password Policy on the Advanced Authentication credential provider.

For more information, see [Integrating with Client Login Extension \(https://www.netiq.com/documentation/advanced-authentication-64/windows-client-installation-guide/data/config_optnl_sttns.html#t4ljddehzcgt\)](https://www.netiq.com/documentation/advanced-authentication-64/windows-client-installation-guide/data/config_optnl_sttns.html#t4ljddehzcgt) in the [Advanced Authentication - Windows Client \(https://www.netiq.com/documentation/advanced-authentication-64/windows-client-installation-guide/data/bookinfo.html#bookinfo\)](https://www.netiq.com/documentation/advanced-authentication-64/windows-client-installation-guide/data/bookinfo.html#bookinfo) guide.

System Requirements

For information about the system requirements, refer [System Requirements](#) in the “*Client Login Extension Administration Guide*”.

Installing Client Login Extension

For information about how to install Client Login Extension, refer [Installing the Client Login Extension](#) section in the [Client Login Extension Administration Guide](#).

Known Issues

NetIQ Corporation strives to ensure our products provide quality solutions for your enterprise software needs. The following issues are currently being researched. For release specific issues, see previous releases’ release notes. If you need further assistance with any issue, please contact [Technical Support](#).

Message Is Not Displayed When User Tries to Reuse the Old Password on the Advanced Authentication CTRL+ALT+DEL Change Password Screen

Issue: In a CLE and Advanced Authentication integrated system, if a user tries to reuse the old password during change password process on the Advanced Authentication Windows Client CTRL+ALT+DEL change password screen, no message is displayed.

Workaround: There is no workaround for this issue.

An Incorrect Password Policy Message Is Shown When SSPR Is Offline

Issue: When a user attempts to change the password and if the SSPR server is offline, then an incorrect message, **New password does not meet the rule requirement** is displayed.

Workaround: There is no workaround for this issue.

Contact Information

Our goal is to provide documentation that meets your needs. If you have suggestions for improvements, please email [Documentation-Feedback@netiq.com \(mailto:Documentation-Feedback@netiq.com\)](mailto:Documentation-Feedback@netiq.com). We value your input and look forward to hearing from you.

For detailed contact information, see the [Support Contact Information website \(http://www.netiq.com/support/process.asp#phone\)](http://www.netiq.com/support/process.asp#phone).

For general corporate and product information, see the [NetIQ Corporate website \(http://www.netiq.com/\)](http://www.netiq.com/).

For interactive conversations with your peers and NetIQ experts, become an active member of our [community \(https://www.netiq.com/communities/\)](https://www.netiq.com/communities/). The NetIQ online community provides product information, useful links to helpful resources, blogs, and social media channels.
